

**Youth and Families Strike Team**  
**April 20, 2009 meeting minutes**

Please let the chair know if you wish to continue to be a member or if you want to appoint somebody else to represent your organization.

The committee met today and we agreed to:

- update our contact list so we will be sending that out shortly for your review.
- create a resource list. Assignments were given to Emily Furst, Rik Jimison, and Kevin.
- remove the goal of developing exercises designed to expand the knowledge, skills and abilities of the strike team. This will be accomplished by the EOC exercises - the next one being June 2.
- A new co-chair was not selected so Lois will continue for one month. However, the spot is still open and the "Y" chair needs some help here please.

Our next meeting will be May 11 at 3:00 at the Health Department. We will try to have a conference call # available. Once we get the contact sheet updated and the resource list completed, we can meet quarterly.

Look for the new, simplified contact sheet to be sent directly. Thank you.
